

Summary of Fees

The benefit of owning a home in a Providence Lifestyle Resort and leasing the land your home is located on for a weekly fee, means you can upsize your life, release equity from your home and downsize your chores, providing more time to enjoy life.

Another significant benefit of buying a home in a Providence Lifestyle Resort is that there is **zero stamp duty and no exit fees!**

The weekly fee covers many other costs that you would otherwise have to pay in your suburban home. These extra benefits are explained below.

If you are currently on a Pension, or will be on one in the future, you may also be eligible to receive Rent Assistance.

Providence Lifestyle Resorts deliver a lifestyle solution where the weekly fee may feel like a saving in your life rather than a cost.

The Providence Lifestyle Resort weekly fee includes:

- Year-round access to the Resort facilities
- The plot of land on which the home sits with no common walls (except for the duplex lots)
- Council and water rates
- 8kWh of free power each day until at least 2035 come rain, hail or shine¹
- Resort facilities and gardens maintained to a high standard
- Household rubbish collection
- Resort Manager and grounds staff
- Security infrastructure with Resort gates closed dusk till dawn

Payment Process and Annual Reviews

- The weekly site fee is payable by direct debit each fortnight
- The weekly site fee is reviewed on 1st July every year with increases capped at CPI + 2% starting from the date you sign your sales contract. This protects you from any market rent increases before you move into your home, so you get certainty over the rent rate from the moment you sign your sales contract.
